DESIGNATION OF STOCKYARDS BY POSTED STOCKYARD FACILITY NUMBER

DEPARTMENT OF AGRICULTURE

Packers and Stockyards Administration

STOCKYARDS

Designation by Posted Stockyard Facility Number

Pursuant to the authority delegated under the Packers and Stockyards Act, 1921, as amended (7 U.S.C. 181 et seq.), it was ascertained on the respective dates specified below, that the livestock markets named below were stockyards within the definition of that term contained in section 302 of the Act, as amended (7 U.S.C. 202), and notice was given at that time to the owners and to the public by posting notices at the stockyards as required by said section 302, and by publishing such notice in the FEDERAL REGISTER.

Effective January 1, 1972, § 201.5 of the regulations promulgated under the Packers and Stockyards Act was amended to provide for the posting of livestock markets by facility numbers rather than by the names of the facilities (9 CFR 201.5). Accordingly, notice is hereby given to the owners and operators of the stockyards listed below and to the public that such stockyards shall be hereafter designated by the respective facility numbers:

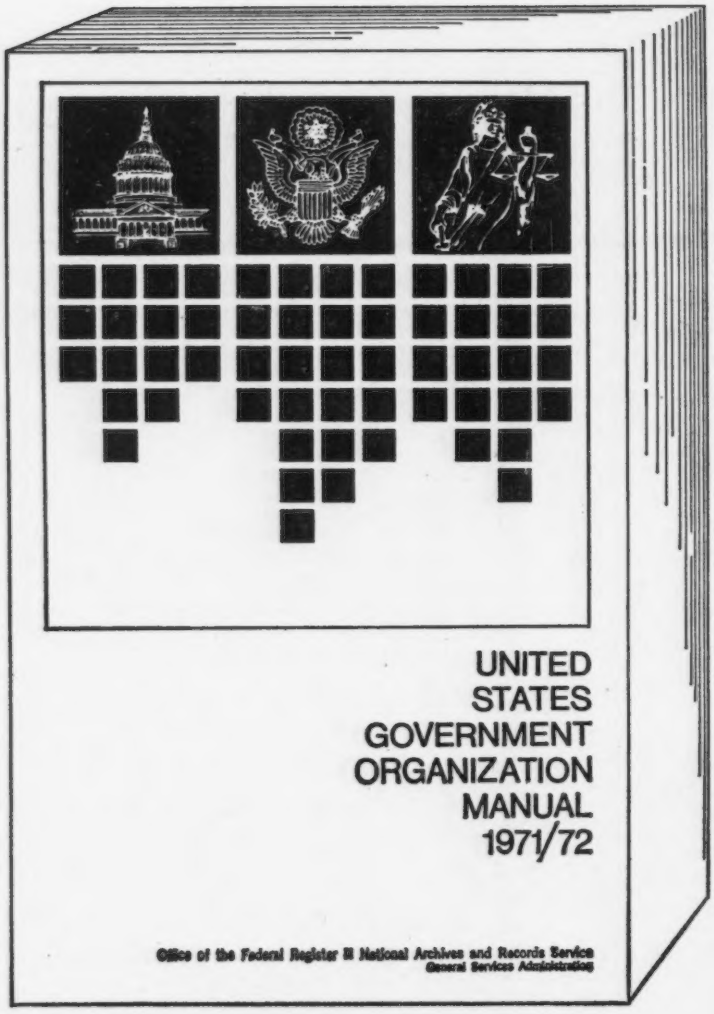
Know your Government...



The Manual describes the creation and authority, organization, and functions of the agencies in the legislative, judicial, and executive branches.

Most agency statements include new "Sources of Information" listings which tell you what offices to contact for information on such matters as:

- Consumer activities
- Environmental programs
- Government contracts
- Employment
- Services to small businesses
- Availability of speakers and films for educational and civic groups

This handbook is an indispensable reference tool for teachers, students, librarians, researchers, businessmen, and lawyers who need current official information about the U.S. Government.
